# AN OPEN INVITATION

The first thing which ran through my mind upon assuming the editorship of the AJCCA NEWSLETTER was a question which almost blew my mind. What goes in said publication? I combined this question with some quick ciphering to decide just how much sleep I could survive on and still maintain a desired level of quality in teaching, and although the mind moved with light-speed, I couldn't answer the question, so I responded the only way I knew how to respond: into the old filing cabinet for back issues of the NEWSLETTER.

Upon pouring through recent issues, I became both amazed and dismayed. "This is really good," I said to myself over and over, wondering what I had gotten myself into. Then I took a deep breath and plunged into the work on the NEWSLETTER, remembering that the quarter was rushing to a close and the printer had already given me a deadline, and I still hadn't answered my own question.

What does go into a publication such as the AJCCA NEWSLETTER? I finally an-

swered myself with a wishy-washy response, the kind we teachers hate to get from intelligent students because we usually realize there's little we can do about them. Anything and everything, I said to myself, anything and everything which relates in some way to the functions and lives of community/junior colleges. And that covers a lot of territory.

I'm going to need a lot of help covering that extensive territory, and the primary sources of that help will be you--faculty, staff, administrators, at Alabama's two-year colleges and any other interested parties. So, this is an open invitation to you to submit anything and everything relating to our shared needs and goals: news, notes, important dates, suggestions, letters to the editor, articles (on teaching methods, office procedures, programs), poetry--anything and everything which needs sharing.

The NEWSLETTER is yours, so please accept my invitation with a positive R.S.V.P.

# FROM THE PRESIDENT

"THE ALABAMA JUNIOR AND COMMUNITY COLLEGE ASSOCIATION IS A GOOD THING GOING FOR US."

The '78 Convention will be remembered as a giant step forward in the growth of the Alabama Junior and Community College Association. The toil of Les Sims, Martha Markus, Mary Carpenter, Nell Mote, Charlie Cobb, Barbara Pitman, and many, many other employees of Jefferson State Junior College resulted in an all-time high attendance count of 1400 persons. Phenominal growth of the AJCCA forced a move to the Birmingham Civic Center for the opening general session this year, and a marked increase in attendance at the business session was experienced.

The '78 Convention was John Roueche; James Kellerman; Exhibits; Grady Nutt; Music by Avery Richardson; a Disco Dance; old movies; interest group sessions; campaign speeches; approval of changes in the Constitution and Bylaws; seeing old friends; meeting new people; door prizes; good food and fellowship; special banquet guests; entertainment by John C. Calhoun State Community College Chorale; crowded elevators; standing in line; William Moore; Nena Frost; Jack Heidler; John Lee; Dr. Teague; state board members; and junior college employees in attendance in full force.

Thanks to you for your support of the '78 Convention and other activities of your executive committee. We earnestly seek the continuation of this support-- and we're already working to ensure that the Association will get even better in the future.

The 1978-79 Executive Committee will meet in June to set goals and make plans for the upcoming year. The annual conference, scheduled for April 26-27, 1979, will receive top priority. Some of the projects initiated last year will be continued and expanded. It is my hope that at least one new project will be added. If you have suggestions for projects that the Association should consider, please send those suggestions to me as soon as possible.

We cannot start a new year of Association work without expressing appreciation to those members of the Executive Committee who completed a term of office at the close of the '78 Convention. Bouquets of roses go to Hattie Nunnery, Martha Markus, Dr. Byron Causey, Charlie Cobb, John Shannon, Frances Smith, Dr. E. R. Brannan, Pat Wallace, Shearlene Harris, Ron Cordell, Joyce Campbell, and Connie Williams. ---Our thanks to you for the time, talent, and energy given to the Alabama Junior and Community College Association!

The Alabama Junior and Community College Association is a good thing going for us. Let's all work diligently for its continued growth!

Dear Friends and Colleagues:

It is indeed a rare occasion when I am speechless. However, on last Thursday evening (April 20), the depth of my gratitude and surprise was so great that I was indeed speechless. Thank you for honoring me with the first Certificate of Appreciation for service to Alabama Junior and Community Colleges. I wish only that the award was more deserved.

My association with you during the past eleven years has been the most rewarding of my life. Each of you have been most gracious and cooperative in your support to me and the Auburn Community College Leadership Program. I would hope that the college's have gained a fraction of our benefit.

As I move into a new and equally challenging field, I will never forget you. My life is richer for having known you.

God bless you,

E. B. Moore, Jr.  
Professor and Director,  
Community College Leadership Program

EBM/md

# CONVENTION HIGHLIGHTS

## EXECUTIVE COMMITTEE MEETING MINUTES

The Executive Committee met at 3:30 P.M. on Wednesday, April 19, 1978, at the Hyatt House in Birmingham with L. M. Sims presiding.

Dr. Sims called the meeting to order and introduced James Kellerman, our guest from the Florida Association of Community Colleges.

The reading of the minutes of the last meeting was waived. An official treasurer's report was also waived. The complete report will be published in the next issue of the NEWSLETTER.

Martha Markus, Secretary, reported that we had 991 paid pre-registrations. Dr. Sims stated he felt from conversations with junior college presidents that our registration would exceed 1300.

Final Convention plans concerning the General Convention arrangements, the Opening Session, General Business Session, the Banquet and Entertainment were discussed.

Hattie Nunnery advised that the various Phi Theta Kappa Chapters would assist in Convention activities as requested.

A brief discussion was held on the success of the outdoor advertising campaign and the possibility of evaluating its effectiveness. It was agreed that Sandra King, Vice-President/President Elect, should be asked to pursue an evaluation of the campaign and lead the next Executive Committee in continuing the campaign if it was determined to be effective.

Mr. Kellerman noted that in Florida the majority of the two year institutions are labeled simply as "community college." Following a discussion of the use of the term "junior" as opposed to "community"

it was agreed that Ms. King might also want to pursue this matter with the next Executive Committee.

Ms. Markus advised that requests for convention registration refunds were currently being received and that an internal decision had been made not to honor refunds requested after April 14. The committee felt that in some circumstances refunds might be warranted after that date but such requests must be made in writing and reviewed individually.

It was suggested that the 1979 Convention issue of the NEWSLETTER clearly define a refund cut off date. It was further agreed that a registration refund procedure be developed and printed in the 1979 Convention issue.

Dr. Sims expressed his appreciation to the Executive Committee for their work during the 1977-78 year and invited the members to a reception in the Presidential Suite at 6:00 P.M.

There being no further business, the meeting was adjourned.

Respectfully submitted,  
Martha Markus  
Secretary

---

## ANNUAL BUSINESS SESSION MINUTES

The Annual Business Session of the Alabama Junior and Community College Association was held in the Concert Hall of the Birmingham/Jefferson Civic Center at 3:30 P.M., April 20, 1978.

L. M. Sims, President, called the

meeting to order and gave a brief overview of the 1977-78 activities of the Association. He introduced the members of the Executive Committee and expressed his thanks to them and others who contributed to the success of the Association and the Convention.

James Kellerman, Executive Director, Florida Association of Community Colleges, addressed the Session on the importance of a professional organization such as ours.

Dr. Sims then called upon Ulysses McBride, member of the Nominating Committee, to give a report of the Nominating Committee for 1978-79 officers. Those names placed in nomination were:

Vice-President/President Elect:

Shirley Woodie - Enterprise State  
Junior College

E. R. Brannan - Alabama Christian  
College

Treasurer:

Gene Burton - Faulkner State  
Junior College

Blois J. Clifton - Alabama Chris-  
tian College

It was duly moved and seconded that the Nominating Committee report be accepted. Motion carried.

Dr. Sims then opened the meeting for nominations from the floor for the position of Vice-President/President Elect. Those nominated were:

Ron Cordell - Gadsden State

Robert Carter - Lawson State

It was duly moved and seconded that the nominations for this office be closed. Motion carried.

The floor was then opened for nominations for the office of Treasurer. Placed in nomination was:

Gloria Hill - Lawson State

It was duly moved and seconded that the nominations for this office be closed. Motion carried.

Dr. Sims called upon each candidate placed in nomination to briefly address the Session on their qualifications for office and desire to serve the Association.

Following the remarks by each candidate, the ballots were collected and counted. Elected were:

Shirley Woodie - Vice-President/  
President-Elect

Gene Burton - Treasurer

The proposed Constitution and Bylaws Revision was presented to the membership by Gene Crago, Chairman, Constitution and Bylaws Committee. Dr. Sims called for discussion on the proposed revision. Discussion from the floor resulted in minor changes to the revision. It was duly moved and seconded that the Constitution and Bylaws revision as amended from the floor be adopted. Motion carried.

There being no further business, the meeting was adjourned.

Respectfully submitted,  
Martha Markus  
Secretary

# INTEREST GROUP REPORTS

SESSION: Commission on Faculty  
General Session

CHAIRPERSON: John Shannon  
Calhoun State Community  
College

The general session of the AJCCA Commission on Faculty commenced at 1:30 p.m. on Thursday, April 20, with approximately 450 persons in attendance. Mr. John Shannon presided, and was assisted at the podium by Ms. Frances Smith, Vice-Chairperson.

Following Mr. Shannon's welcoming remarks, he introduced vice-chairperson Smith, who in turn introduced the speaker, Dr. William Moore, Educational Consultant, Ohio State University. Dr. Moore gave a very interesting presentation on the topic: "Back to Basics: Implications for Junior and Community College Faculties-- Negative and Positive Connotations."

Following Dr. Moore's presentation a business session was held for the purpose of electing a new chairperson and vice-chairperson for the Commission on Faculty for the ensuing year. Nominations from the floor were made, and following a vote (by standing) these offices were filled. Ms. Dowartha Davis of Bishop State Junior College in Mobile was elected as 1978-79 chairperson of the Commission on Faculty. Mr. Gary Wolfskill of Northwest Junior College at Phil Campbell was elected vice-chairperson.

The various interest groups then met separately and elected chairpersons for their respective groups for the coming year.

Following brief closing remarks by Mr. Shannon, the session adjourned at approximately 3:15 p.m.

SESSION: Academic Officers Interest  
Group

CHAIRPERSON: John R. Carmichael  
Southern Union State  
Junior College

The academic officers had as their speaker Dr. Robert Sullins, Community College Program Area Leader, Virginia Polytechnic Institute and State University, Blacksburg, Virginia.

Dr. Sullins' topic dealt with the problems and issues in academic management with special emphasis in the area of recruitment and retention of students.

The officers for the Academic Deans' Association were elected for the coming year. Those elected were as follows:

President - Dean James Van Horn, George  
C. Wallace, Hanceville  
Vice President - Dean Marshall Smith,  
Calhoun, Decatur  
Secretary - Dean Bob Carter, Lawson,  
Birmingham  
Treasurer - Dean Michael Houghland,  
George C. Wallace, Selma

---

SESSION: Physical Plant Directors  
Interest Group

CHAIRPERSON: A. G. Lackey, Jefferson  
State Junior College

Alex Lackey, Physical Plant Director of Jeff State Junior College, spoke on "Solar Heat and Its Uses." Mr. Lackey told about the building of a solar energy heating and cooling plant at Jeff State. The plant has just been completed recently and is a very impressive system.

George B. Wright, Vice-President of Sales, Puriton Chemical Company of Atlanta, spoke on "The Role Which the Service/Maintenance Department plays in the Total Institution." He stressed the importance of using the right chemicals in heating and cooling systems, and told how energy is saved by doing this. Mr. Wright also told that by not using the right chemicals it costs money and repairs to boiler and chiller.

---

SESSION: Business Interest Group

CHAIRPERSON: Julia P. Thornton  
Brewer State Junior  
College

Junior college business instructors and divisional chairmen who attended the 1978 Conference of the AJCCA made several observations in relation to the Business interest group's sessions. They agreed that the sessions (under the direction of the 1978 chairperson, Mrs. Julia P. Thornton of Brewer State Junior College) were well planned, well attended, informative, and relevant.

At its first session on Thursday, the Business interest group elected Ms. Nancy Posey, of Jefferson State Junior College, to serve as its chairperson for 1979.

The sessions on Friday morning featured two distinguished speakers, Dr. Sarah Light, Dean of Student Services at the University of South Alabama, and Dr. Dan Linton, an economist and marketing specialist at Auburn University for the State of Alabama.

Dr. Light, who has served in various positions in business and education throughout the United States and

South America, very appropriately spoke on the topic, "Today's Secretary in a Changing World." Dr. Light traced the history of the secretary from the time when only men served in this capacity, through the invention of the typewriter, when women entered the field, to the present. She reflected on the office of the past, relating the duties of the early secretary to those of the secretary of today, indicating that the invention of the typewriter and other business machines revolutionized the office, bringing about changes which will undoubtedly affect the duties that secretaries and other office workers will be performing in the future. She stated, however, that offices of today and of the future, like offices of the past, will need workers who have a good background in the basic skills and can use the English language flawlessly; who can think clearly, have human relations skills, and respond to supervision; who are responsible, flexible, and use common sense; and who have a self-image that is so good that doing a few menial tasks will not blow their minds.

She noted that in addition to the basic skills, the secretary of today should have those "extras" which will enable him/her to survive in the office of the future.

Dr. Linton, who in addition to his current position at Auburn University manages a large commercial farm and has had numerous articles published, spoke on a timely topic, "Projected Trends on Inflation and the Value of the Dollar by the Year 2000." Dr. Linton described inflation as simply "too much money chasing too few goods," and noted that "students should be taught to understand inflation and to know that it affects their purchasing power--the prices they pay for goods and services." He further noted that though inflation affects all of us, it is more detrimental to individuals on fixed incomes and to savers. He

suggested, however, that investors can hedge against inflation by purchasing tangible items such as land and other real estate, tax-free bonds, antiques, or diamonds (if one knows what he is purchasing), and that the government can do a great deal toward controlling inflation by making changes in its monetary and fiscal policies.

Both speakers presented addresses that were informative, timely, and relevant.

(Report submitted by Zella D. Jackson,  
S. D. Bishop State Junior College)

---

SESSION: Humanities-English Interest  
Group

CHAIRPERSON: Imogene M. Mixson  
Enterprise State Junior  
College

Following the Commission on Faculty session Thursday afternoon, Dr. Imogene Mixson presided over a brief business meeting in preparation for the 1979 convention. Mr. Raymond Bailey, head of the English department at Bishop State, was elected chairman for next year's meeting.

On Friday, three Alabama junior college instructors shared their ideas and methods for pre-writing activities in freshman composition. Ms. Jane Riggs, Faulkner State, stressed the importance of drill and frequent writing assignments for the remedial student. Ms. Betty Thompson, Gadsden State, summarized the work with international students being done by the Alabama Institute for English Language Training on her campus. Ms. Thompson shared several "before" and "after" compositions by Gadsden State students from Iran, Saudi Arabia, and Latin

American countries to illustrate the progress they make in the program. The final speaker, Mr. Leonard Rawls, Patrick Henry Junior College, wittily explained his unique system of using writing from popular magazines in teaching the average student how to compose coherent, well-developed essays.

All three speakers demonstrated the talent and hard work that go into successful teaching of composition in Alabama's junior colleges.

(Report submitted by Scott R. Smith,  
Enterprise State Junior College)

---

SESSION: Reading Interest Group

CHAIRPERSON: William Young, George C.  
Wallace, Dothan

A directory of Reading Programs and Personnel in Alabama's Junior and Community Colleges was presented to each person present. The purpose of this directory is to help establish a means of communication among teachers in the various reading programs.

An informal discussion followed with plans of expanding the scope and content of next year's directory. Plans were made to report both a bibliography of reading materials found useful in our reading programs and an evaluation of each reading program using some standardized reading test (i.e. Nelson-Denny Reading Test) at next year's meeting.

Dr. Joyce Hamrick, Troy State/Dothan branch, then presented in workshop fashion some useful information on the topic of formal and informal inventories for diagnosing reading ability. A key focus centered on the use of the ZIP Scale for diagnosing a student's

phonetic and comprehension skills. An especially noteworthy handout presented a workable formula for figuring the readability of textbooks, which should prove helpful to our colleagues in all academic areas.

Ten schools were represented at the session. Members who were not present for the session who would like a copy of the directory should contact William Young, Wallace College, Dothan, or Carole Canfield, Wallace College, Selma.

---

SESSION: Humanities-Speech Interest Group

CHAIRPERSON: Ricky T. Gordon, Calhoun State Community College

Dr. Robert Overstreet, his wife Mona, and a Reader's Theatre Group from Auburn University performed and discussed the oral interpretation of prose and poetry. Both the individual and group performances illustrated the techniques and values of oral interpretation.

Dr. Lydia Alexander from U.A.B. gave a superb solo performance from The Autobiography of Miss Jane Pittman. Dr. Alexander has performed for many groups throughout Alabama.

In addition, the Wind Creek Mummers from Alexander City Junior College presented a selection of folk stories and tales collected from Alabama folklore. Jack Solomon, the group's originator and director, introduced the group.

SESSION: Mathematics Interest Group

CHAIRPERSON: Dr. Kenneth B. Howell  
Lurleen B. Wallace State  
Junior College

The meeting opened with a short welcome and introduction of the speaker by the chairman. The speaker was Dr. Charles M. Bundrick, Associate Professor of Mathematics at the University of West Florida, Pensacola. The title of his talk was "Generalized Inverses of Matrices and Some Applications." The presentation was informative and useful, especially to those persons who teach linear algebra.

The second session of the meeting dealt with a state junior and community college mathematics tournament for college students. There was general agreement that such a tournament would be desirable and beneficial. Jim O'Neal, Chairman of the Department of Mathematics at Troy State University, attended this meeting and agreed to host and operate such a tournament early in May in 1979.

Also, in the second session, a discussion was held concerning a common numbering system for mathematics courses in the junior and community college system to facilitate transfer students. A committee was formed to pursue such a common numbering system and to work with the Alabama State Department of Education toward this end.

The Mathematics Interest Group chairman for 1978-79 is Charles Perry, Chairman of the Mathematics Department at Southern Union.

SESSION: Science Interest Group  
(Biological and Physical)

CHAIRPERSON: John Shannon, Calhoun  
State Community College

The Science Interest Group of the Alabama Junior and Community College Association met at 9:30 a.m., Friday, April 21, in the Birmingham Civic Center. Mr. John Shannon, Chairperson, welcomed the group with opening remarks. Approximately 75 persons were present and included faculty from Biology, Chemistry, Physical Science, Engineering, and Technologies.

The first speaker was Dr. George L. Zorn, specialist in cardiovascular surgery at University of Alabama School of Medicine in Birmingham. Dr. Zorn gave an interesting presentation entitled "Recent Advances in Cardiovascular Surgery." Slides accompanied his talk.

The second presentation was a joint program by Dr. Marllin Simon, Department of Physics, and Dr. W. D. Perry, Department of Chemistry, both of Auburn University. Their topic was "Cheap, Easy, and Fun Classroom Demonstrations for Teaching Chemistry, Physics, and Physical Science." Their presentation utilized laboratory equipment and apparatus, and was very innovative and well received by the audience.

Following the program, a brief business session followed. Ms. Kathleen Jones, current vice-chairperson/chairperson elect, succeeded Mr. Shannon as chairperson. Mr. Lee Albritton of Brewer State Junior College likewise succeeded Ms. Jones as vice-chairperson/chairperson elect for the ensuing year.

The meeting adjourned at approximately 12:00 a.m.

SESSION: Health, Physical Education  
and Recreation Interest Group

CHAIRPERSON: Marie Luttrell, Gadsden  
State Junior College

Dr. Mike Collins, Assistant Professor of HPR at U.A.B., was introduced by Mrs. Marie Luttrell. Dr. Collins spoke on "Aerobic Programs in Junior Colleges."

Dr. Collins pointed out that approximately 40-50% of Americans are "over-fat". Many suffer from low back problems, and heart diseases continue to be the number one killer in this country. Studies show that a total fitness program can help to alleviate these problems. It was noted that a good fitness program contributes to: improved cardiovascular and respiratory systems, lowering the resting pulse rate, lowering blood pressure, a decrease in obesity, increased strength and muscular endurance, and improved flexibility.

During the second session, Dr. Don Henderson, Assistant Professor, Department of Education Leadership, U.A.B., spoke on "Legal Liability and the College Physical Education Instructor." Dr. Henderson dealt with tort liability as it relates to college physical education instructors. Negligence as the leading cause of law suits against members of the education profession was discussed in detail.

---

SESSION: Service/Maintenance Interest  
Group

CHAIRPERSON: Brenda Smith, Jefferson  
State Junior College

The Service/Maintenance group was very happy to have a better representation at this year's Convention than

in the past. Last year there were only people from Bishop State and Jefferson State. This year Gadsden State and Lawson State were also represented.

We all enjoyed our "get-acquainted session" and the opportunity to learn more about the other junior colleges.

We enjoyed the speakers very much. They related well to our work and to our everyday lives.

We are looking forward to next year's convention, and hope for an even better representation. We promise to have something for Food Service Personnel, for this group has been left out too long.

(Report submitted by Cora B. Irwin, session presider, Jefferson State Junior College)

---

IN MEMORY

This page is dedicated to the memory of Dr. Leon Kennedy, president of Lawson State Community College, who died April 16, 1978. President of Lawson State since 1971, Dr. Kennedy enjoyed a long and successful career as an educator, and his presence will be missed by many people at all levels of education in Alabama.
